## CONTENTS

Properties of sisal fibre reinforced epoxy composite M K Gupta & R K Srivastava	235
Optimization of extraction process of Typha leaf fibres Sana Rezig, Mounir Jaouadi, Foued Khoffi, Slah Msahli & Bernad Durand	242
Tensile, surface and thermal characterization of jute fibres after novel treatments Abdul Jabbar, Jiří Militký, Jakub Wiener, Muhammad Usman Javaid & Samson Rwawiire	249
Tensile failure of blended spun yarns under dynamic condition: Part I –Yarn failure during warping S M Ishtiaque, R S Rengasamy & B R Das	255
Optimization of process variables in rotor spinning for the production of cotton/milkweed blended yarns T Karthik & R Murugan	263
Pattern classification of cotton yarn neps Abul Hasnat, Anindya Ghosh, Azizul Hoque & Santanu Halder	270
Effect of wrapped Fibre on tenacity of viscose vortex yarn Shanshan Shang, Biyu Hu, Chongwen Yu & Zeguang Pei	278
Prediction of radiative protective performance of multilayered clothing Supriyo Chakraborty & V K Kothari	284
Electromagnetic interference shielding effectiveness of copper plated fabrics P Ganesan, T Karthik, A Muthu Kumar & D Maruthamani	293
Effect of silicone treatment on hand value of cotton handloom fabrics M N Pattanaik & Sadhan Chandra Ray	298
Bio mimetic coloration of wool using plant juice Sri Krishna Natarajan & Deepti Gupta	306
Effect of lac treatment on mechanical properties of jute fabric/polyester resin based biocomposite L Ammayappan, Sekhar Das, R Guruprasad, Deb Prasad Ray & Prasanta Kumar Ganguly	312

Moisture management behaviors of high wicking fabrics composed of profiled Fibres Mohsen Gorji & Roohollah Bagherzadeh	318
Plasma induced nano-finish for multifunctional properties on cotton fabric Shital S Palaskar, A N Desai & S R Shukla	325
Effect of immobilized cellulase enzyme treatment on properties of ramie fabric Xiaoyan Ni, Yuanyuan Yu, Qiang Wang, Xuerong Fan, Artur Cavaco-Paulo & Jiugang Yuan	331
<b>Short Communications</b>	
Fabric pilling– Objective measurement system Vijay M Mayekar & R P Nachane	338
A novel and low-cost instrument for color identification of natural fibres Gautam Roy & S C Saha	344
Minimization of inspection cost by determining the optimal number of quality inspectors in the garment industry Muhammad Babar Ramzan & Chang Wook Kang	346
<b>Corrigendum</b>	351
